Midweek Rock Climbing

James Skeggs is our new
Midweek Climbing Coordinator.

Send James an email to
nzacmidweekclimbing@gmail.com and you'll
be sent a Google form for emergency contact
details, and then added to the Google group.

WELCOME TO MIDWEEK CLIMBING!

Use this group to meet new people, organise climbing related missions (for any day or time of the year) and explore the outdoors.

If you're heading out or looking for a climbing partner, you will be able to send a group email to nzac-midweek-climbing@googlegroups.com or start a 'new conversation' directly through Google Groups.

PLEASE NOTE

Mid week climbing organizers do not provide guiding or instruction and individuals within the group are responsible for their own safety.

You will need a harness, rock shoes, belay device, locking carabiner, and helmet. Please also let the person in charge know what equipment you have and if unknown to them your climbing experience.

SAFETY RULES

- Helmets are compulsory when climbing and belaying.
- If abseiling, use a prusik as back up and tie a knot in the end of the rope.
- Use clear commands and make a plan between climber and belayer before leaving the ground.
- If in doubt about anything, please ask questions.
- If you see something amongst the group you are not happy about - please speak up.

Be safe and have fun climbing!

Cheers,
James

Mt. Rolleston Mentoring Programme: Winter- Spring 21

The CW section will run a mentoring programme for newer alpinists who have come through the NZAC Snowcraft Pathway. The main objective being a climb of Mt. Rolleston in Arthur's Pass.

The programme aims to:

- a) Introduce the mentee to the two popular routes (Otira Slide and Rome Ridge) on Rolleston
- b) Give the mentee the confidence to plan their own trip up and down Rolleston.

The programme will consist of two or three trips and climbs building up to the Rome Ridge climb. It will run August to October. No dates are set as it depends on conditions, avalanche risk and weather.

It is not a matter of putting dates in the diary but rather that we contact you when all the above come together.

Requirements are: own avalanche kit, full shank boots and other appropriate gear, member of NZAC/CW, have completed an NZAC Intermediate Snowcraft Course.

We would ask that you keep a brief list of trips completed from June 2021 for the mentor (it helps to go out on club trips so that you are known and your interest is noted).

An application does not mean an invite onto the programme. Mentees will be selected on the above, plus will depend on the number and availability of mentors.

Additional mentors are also welcome to apply and will be vetted as such.

For Mentors or Mentees please address your interest to cw.tripscoordinator@gmail.com, with the subject line "Mt. Rolleston Mentoring Programme: Winter- Spring 21".

WEEKLY ACTIVITY OPTIONS

Lead a Trip: If you would like to lead a trip for the club, alpine, rock climbing, cycling or otherwise, please contact Findel Proebst cw.tripscoordinator@gmail.com

Midweek mountaineering: The midweek group are mainly fairly mature mountaineers who still manage to plod up a few peaks, usually on Wednesdays, weather permitting. Most of the trips are not technical climbing but scrambling at a fairly relaxed pace. If you are interested in joining us, please contact **Pat Prendergast on 337 0079 or email** pat@slingshot.co.nz

Mid Week Rock Climbing: A new and exciting format from September (day light savings start) onwards. Instead of one set evening each week, we are hoping to be able to offer people a choice of two nights each week, which will vary depending on who is looking after the group. We believe this will give people of all abilities more opportunities to get out climbing. A few things to note when rock climbing with the mid week group;

- Helmets are compulsory when climbing and belaying (if you don't have a helmet, please source one or talk to the climbing co ordinator and they will try and have one available)
- For those new to climbing and belaying, we can assist in this so please ask if you are not sure
- Two top rope kits (each with a rope, biners and slings) are available each week for the person in charge to use rather than their own equipment and for those climbers who don't want to lead but top rope instead.

Climbing will usually run from approximately 4.30 pm onwards, outdoors during daylight savings hours, or indoors in winter, or if the weather is no good. We also welcome and would appreciate people assisting from time to time on a roster basis rather than relying on the same people every week having to look after the climbing group so please contact Clayton if you are able to help out (it's not too difficult!)

If you would like to attend and are on the google climbing group already, we will email out at the start of the week with which nights we are running climbing and who is in charge and their contact details. If you would like to be on the group list, please email James Skeggs on: nzacmidweekclimbing@gmail.com

All welcome, including non members.

WE NEED YOU

The NZAC Canterbury/Westland section is looking for volunteer trip leaders

A club trip is a great way to spend time with like minded people, share some adventures and give back to the outdoor community. Most trips involve moderate to intermediate mountaineering but they can include anything from tramping, rock climbing to mountaineering objectives. The trip leader is not a professional guide or instructor, as a trip leader you organise and lead the group only.

What is involved?

- Pick an objective and date
- Use this trip leader worksheet to plan your trip <https://alpineclub.org.nz/resources/organising-trips/>
- Get in contact with the trip coordinator (see details below). Your trip needs to be signed off to make sure all points are ticked off. The trip coordinator can also help you with any questions you have regarding the planning

The trip gets advertised in the newsletter and/or to the Cant/Westland facebook page

Email: Shannon at nzac.cw.newsletter@gmail.com

- You organise the participants and do pre-trip preparations

This list is a suggestion of day or overnight trips which could be both run during summer or winter. All these trips are achievable in a weekend. If you have another objective in mind just get in contact with the trip coordinator. Thanks for leading a trip for the club!

Volunteer trip coordinator email: Email Findel Proebst cw.tripscoordinator@gmail.com

Some Ideas! Mt Aiken, Binsar, Avalanche Peak, Mt Cloudsey, Torlesse, Avalanche-Bealey Traverse, Castle Hill Peak, Longfellow, Avalanche Peak-Crow Valley, Mt Oates, Murchison, Temple-Phipps Traverse, Mt Somers, Mt Guinevere, Mt Rolleston, Mt Philistine

KEEN TO SHARE YOUR OUTDOOR EXPERIENCE?

Keen to share your outdoor experience?

Helen Sinclair, our section meeting co-ordinator is the person to contact.

Helen organises speakers to share their outdoor experiences with the rest of our community.

If you have any outdoor adventures to share or know someone who has a story to tell, then please contact Helen either by phone or email.

TRIP GUIDELINES

An important part of the NZAC is volunteer organised trips. If you're thinking of joining or organising a trip, here are some guidelines on what to expect. Check out the NZAC Trips page for resources to assist you with planning a section trip. <https://alpineclub.org.nz/resources/organising-trips/>

Responsibilities of a Trip Organiser:

- Trips should be fun for everyone. Choose a mountain, peak, hill, traverse, route, crag, or whatever and get out there and meet some keen club members!
- You cannot be responsible for the safety of every member of the group, but you should aim to empower every group member with enough knowledge to make their own informed decisions about the proposed trip both before, and during the trip.
- Choose a realistic goal for the time available and give prospective group members an idea of the amount of effort required.
- Set a group size limit based on your experience, the goal, time available and the groups individual fitness and experience.
- Let the group know what skills & equipment are needed when they sign up.
- Provide the trip Participants with a copy of the NZAC waiver form and have them understand, sign and return it to you in advance of the trip.
- Organise travel arrangements at the earliest opportunity and let everyone know how much they can expect to pay for transport costs - petrol, wear & tear.
- Prepare detailed trip intentions and leave them with at least one responsible individual.
- If someone on the trip voices their concern about a situation it is up to you (with the help of the group) to find a safe solution.
- Give priority to NZAC members
- Find someone on the trip to write an interesting trip report for the Section Newsletter and email it to: nzac.cw.newsletter@gmail.com

Responsibilities of a Trip Participant:

- You are responsible for your own safety. If you are uncomfortable with any situation, let your trip organiser know straight away.
- Be prepared to drive or contribute to transport costs incurred (petrol, wear & tear)
- Make sure you have a clear idea of the trip's goals and what will be required of you. Obtain a relevant map and know where you are going, the terrain, what gear you will need, and how to use it.
- If you discover that you cannot go on the trip then let the Trip organiser know as soon as possible so that another person can take your place.
- Read, understand and return the signed copy of the NZAC waiver form to the Trip Organiser.
